## SEMI-AUTOMATIC TAPE EDGE MACHINE

### Product Characteristic

- The angle of sewing head can be automatically adjusted and the mattress can automatically slow down at every corner.
- The working table can be lifted automatically.
- With stainless table, the mattress can be pushed more smoothly.
- Original chain stitch sewing head is of higher quality and makes the sewing more efficient.
- Backing varnish isn't easy to fade dyed into the mattress.
- Can sew small right angle.

### SEWING MACHINE

### Technical Parameters

FB3	
Sewing Head Brand	SINGER 300U
Capacity	10-20units/h
Thickness of Mattress	500mm
Table Lifting Range	350mm
Table Size	2000×1600mm, 2000x1800mm
Total Power	1.2Kw
The Way of Lifting	Central motor lift
Total Weight	680Kg
Power Supply	220V IP 50-60HZ

### APPLICATION SCOPE

### USAGE SCENARIOS

Electric lifting table

Convenient corner sewing

### OPTIONAL SEWING HEAD

SINGER-300U

TYPICAL TW4-L300UX5

TYPICAL 2603

### LAY OUT

Unit:mm
